

L'Angevin

WINEMAKER NOTES

When we discovered the Charles Heintz Vineyard we knew we had found a site that matched our philosophy: old vines, cool climate, and the potential to make a wine that would reflect a unique vineyard and growing region. The heady nose of dried apricot and orange zest, as well as a gravelly minerality separate this wine from its L'Angevin counterparts. The 2006 offers a seamless mouth-feel, from delicious entry, to a rich palate, completed by a long and lingering finish.
